

## TECHNICAL DATA SHEET

Code: 6321003

### PRODUCT DETAILS

Wood type of surface:	European oak
Grade:	mixed
Finish:	uv oil (by Klumpp/ Germany) white wash, brush, stain

Thickness:	20/6
Width:	300 mm
Length:	3000 mm

SQM/Pack:	3.6 sqm
Packs/ pallet:	44
SQM/ pallet:	158.4 sqm

Construction:	Multilayer Eucalyptus Poplar Plywood
Pattern:	brushed, stain
Process:	Cold Press
Assembling profile:	T&G
Edge profile:	micro bevel 0.5mm
Moisture content:	6%-9%

Top Layer:	6 mm
Backing:	poplar

### INSTALLATION

Installation must be executed by a professional installer. The client must provide suitable conditions of the floor this product will be installed on.

*This is a digital picture for your reference. Please note that the color will display differently on each device. We recommend comparing physical samples.*

### Maintenance:

After dusting, it is sufficient to use a slightly moistened cloth and mild detergent, having care to dry well the surface as water can damage the floor especially if not sealed. Do not use solvents, acids and ammonia.

All data is subject to our final written confirmation and specific details on the relevant order.
